

Form and Analysis
John Morrison

Guide to making a diagram of form: phrases

name form (period, phrase group, etc.)

Key:  key
(indicate modulations)

Note that phrases are presented in pairs here, but that groups of phrases can come in other numbers as well!
The barlines used here are for help in conceiving points of division, and ingenuity may be used to make nuanced representations of what you find in music. Other modifications that may be useful include extensions of phrases, motivic content, descriptions of texture, etc.
